Remarks

Brook Path Beauty! This is the home you have always admired! A 1930s gem, cut stone and cedar shingle exterior, wood shingle roof framed by a circular drive and charming white wooden fencing. Have your morning coffee on the large front patio overlooking the Fuller Brook Path. In the back of the house enjoy a private Beacon Hill brick patio for private intimate dining. Just as pretty on the inside, the interior is flooded with sunlight. The first floor has a large fireplaced living room with beamed ceiling, a gracious dining room with radiant heat floor. Chefs kitchen with white cabinets and stainless steel appliances is adjacent to the warm and inviting family room. A newly added office/study is a perfect quiet space for working from home. A first floor master suite with walk in closet and marble bathroom round out the first floor. Upstairs find two generous sized bedrooms and family bathroom. The lower level, versatile space perfect for a playroom, office or cozy den with fireplace.
